OBJECTIVE

Experienced Web Developer seeking opportunity to bring knowledge of programming, design, and media.

SKILLS

HTML5, CSS3, SASS, Bootstrap, Angular Material, Foundation, PHP, Javascript, ES6, Webpack, React, AngularJS, MondoDB, ExpressJS, NodeJS, Git, GitHub, AWS and Hosting.

EXPERIENCE

FRONT END DEVELOPER/TBS

January 2020 - Current

In this position, I created several industry websites utilizing AWS features to host static websites and react websites. I have worked on two major applications and created a portal to integrate into NetSuite.

DIGITAL EXPERIENCE SPECIALIST/LOVE'S

January 2016 – January 2020

As the marketing developer I wrote applications for the in-store, customer-facing, touchscreens and loves.com.

NETWORK RESOLUTION ANALYTIS /SPRINT

April 2009 – June 2015

I handled direct communication with network engineers and providers to resolve ongoing network issues.

EDUCATION

2015 – Full Stack Web Development

DevMountain, Provo, UT

2012 – 2014 Master in Business Administration, M.B.A.

University of Phoenix Oklahoma City, OK

1999 - 2004 Bachelor of Arts, B.A.

McPherson College McPherson, KS

LEADERSHIP

While at TBS I was the only developer on website development until I received a mentee. I was in charge of helping her learn react and website development.

In my time at Love's I was the project owner and developer of the loves.com refresh. I was the sole developer on all touchscreen development.

At DevMountain I lead the group project. We created a functional e-commerce website for a salon/gallery in two weeks.
